

# The Essentials Beauty TreatCard Points 2024

## Terms and Conditions

The “**TreatCard Points**” scheme is offered and operated by the owner of The Essentials Beauty.

It is in place to reward loyalty of The Essentials clients who continue to visit and utilise the products and services of The Essentials Beauty.

1 reward point is awarded to an individual client for every complete £1 that they spend on products or treatments in one visit.

When a client reaches 700 points they are then entitled to £25 gift to spend towards products or special **TreatCard** treatment selected by the salon. This treatment list is subject to change and can be viewed in the salon. This gift must be used within 3 months of reaching 700 points and must be used in one go.

If the products chosen are over £25 the extra balance must be paid as normal and in full. If products are under £25 the remainder of the gift is lost.

TreatCard Points are not awarded for the purchase of courses or Gift Vouchers.

The TreatCard points accrue automatically on our booking system when a TreatCard has been issued to the client

They cannot be used in conjunction with any other offer and cannot be exchanged for cash.

Points cannot be shared between clients and the gift must be used by the client who has accrued the points.

The equivalent points balance that have been accrued in the previous scheme will be transferred to the new scheme.

The scheme will continue to run as long as the salon sees fit and the management reserve the right to amend or stop the scheme at any point.

Management also reserve the right to deduct or remove TreatCard points from a client if they failed to show to an appointment without notice.

If you have any questions please send them to Emma Ginever, Salon Manager [\*\*emma@the-essentials.co.uk\*\*](mailto:emma@the-essentials.co.uk)
